Case number

2022-07-01

2022/251

**Scope of accreditation**

**Notified Body according to SS-EN ISO/IEC 17065:2012**

RISE Research Institutes of Sweden AB

Accreditation number

1002

NB 0402

A002626-033

**(EU) 2016/425**

<b>Product family, product/ Intended use/ Product Range</b>	<b>Procedure/Modules</b>	<b>Annexes or articles of the directive</b>	<b>Note</b>
Equipment providing chest and groin protection	EU-Type examination	Annex V - Module B	
Equipment providing eye protection	EU-Type examination	Annex V - Module B	
Equipment providing face protection	EU-Type examination	Annex V - Module B	
Equipment providing foot, leg and anti-slip protection	EU-Type examination	Annex V - Module B	Sport equipment not antislip
Equipment providing general body protection	Conformity to type based on internal production control plus supervised product checks at random intervals	Annex VII - Module C2	
Equipment providing general body protection	EU-Type examination	Annex V - Module B	
Equipment providing hand and arm protection	Conformity to type based on internal production control plus supervised product checks at random intervals	Annex VII - Module C2	
Equipment providing hand and arm protection	EU-Type examination	Annex V - Module B

Equipment providing head protection	Conformity to type based on internal production control plus supervised product checks at random intervals	Annex VII - Module C2	
Equipment providing head protection	Conformity to type based on quality assurance of the production process	Annex VIII - Module D	
Equipment providing head protection	EU-Type examination	Annex V - Module B	
Equipment providing protection against heat	Conformity to type based on quality assurance of the production process	Annex VIII - Module D	
Equipment providing protection against heat	EU-Type examination	Annex V - Module B	
Equipment providing respiratory system protection	Conformity to type based on internal production control plus supervised product checks at random intervals	Annex VII - Module C2	
Equipment providing respiratory system protection	EU-Type examination	Annex V - Module B	
High visibility clothing	EU-Type examination	Annex V - Module B	
Protective equipment against electric shock	Conformity to type based on internal production control plus supervised product checks at random intervals	Annex VII - Module C2	Helmets
Protective equipment against electric shock	Conformity to type based on quality assurance of the production process	Annex VIII - Module D	
Protective equipment against electric shock	EU-Type examination	Annex V - Module B	Helmets

Protective equipment against falls from heights	Conformity to type based on internal production control plus supervised product checks at random intervals	Annex VII - Module C2	
Protective equipment against falls from heights	Conformity to type based on quality assurance of the production process	Annex VIII - Module D	
Protective equipment against falls from heights	EU-Type examination	Annex V - Module B	
<b>Protective Equipment against hand-held chain-saws</b>	<b>Conformity to type based on internal production control plus supervised product checks at random intervals</b>	<b>Annex VII - Module C2</b>	
<b>Protective Equipment against hand-held chain-saws</b>	<b>EU-Type examination</b>	<b>Annex V - Module B</b>	
Protective Equipment against harmful biological agents	Conformity to type based on internal production control plus supervised product checks at random intervals	Annex VII - Module C2	Respiratory and Protective clothing
Protective Equipment against harmful biological agents	EU-Type examination	Annex V - Module B	Respiratory and Protective clothing
Protective Equipment against substances and mixtures which are hazardous to health	Conformity to type based on internal production control plus supervised product checks at random intervals	Annex VII - Module C2	
Protective Equipment against substances and mixtures which are hazardous to health	EU-Type examination	Annex V - Module B
